...making excellence a habit.™

Certificate No: FM 11960

Registered Scope:

Design, development and manufacture of pulverising and drying machines for use with coal, minerals, chemicals, dyestuffs etc. A range of standard machines are produced which can be modified to meet special and individual customer requirements. Design, development and manufacture of specialist size reduction equipment for pharmaceuticals. Design, development and manufacture of packaging separation machinery for the recycling, waste, composting, rendering, food manufacturing and waste-to-energy industries. The manufacture includes the production of alloyed iron castings up to 500 kg in weight in white iron, grey iron, ductile iron (SG), high chromium iron and manganese steel. This is combined with a multi disciplined general machining operation which includes a 3.5 metre vertical borer. Both casting and machining services are offered on a sub-contract basis to customers own drawings and specifications.
